COIN HUNTING IN ENGLAND!

CLUB MEMBER FINDS ROMAN COINS WITH METAL DETECTOR

Club member Wayne Gorian spent two weeks in England searching for coins and other artifacts with a metal detector. Join us on April 27th at 7:30 PM to hear Wayne's exciting presentation about his incredible experiences.

Wayne searched Roman and Medieval village sites with his metal detector, and at one point he was finding a coin every ten minutes. He brought a few of his newly found treasures to the March meeting, and these were not corroded junk—many of the finds were NICE ROMAN COINS! He also found Roman fibulae, English hammered coins, and other artifacts.

Wayne met other coin hunters, some of whom earn a living by searching for coins. He also met coin-traders from Tunisia, and witnessed the marketing of several significant coin hoards. His talk is certain to be *very* interesting. Don't miss it!

Over 800 dealers from around the world. Auction. Club meetings. Educational forum. Exhibits.

One of the best coin shows of the year. Plenty of ancients!

The Twin Cities Ancient Coin Club is devoted to the study of ancient and medieval coinage and culture. The club meets once each month (except July and August) at the Immanuel Lutheran Church, 104 South Snelling (corner of Snelling and Goodrich) in St. Paul.

Meetings begin at 7:30 PM with coffee, cookies, and conversation. An auction is held at each meeting. Members are encouraged to bring coins and books about coins or ancient history to sell.

Annual dues are a mere $5, payable each January. This covers the cost of our newsletter. Members are also asked to donate $1 at each meeting to cover the cost of the room rental.

Please join us! And bring a friend.
