TWIN CITY ANCIENT COIN CLUB

Bob Stumm, President **Tom Beniak,** Vice President **Kenn Hollister,** Treasurer

The Twin City Ancient Coin Club will meet on the fourth Thursday, February 28, 1985 at the Immanuel Luthern Church lounge, Goodrich and Snelling, St. Paul, at 7:30 PM.

Our Minnesota weather played another "trick" on us for our meeting night in January -- the white out night. Whitney and Elwood were out of town so I did not attempt going, but I became super concerned about those of you who did venture out. Tom, it is so great that you have more to tell us about your Egypt venture. We would hope we can consider your discussions as a series format whenever it is convenient for you at various intervals of our meeting nights.

Dave Alvarez, we vote you our most amiable member. You are present at the meetings if at all possible (which it wasn't in December - - the report that your wife's fall resulted in trauma, but not in a fracture was more hopeful. We wish her our best), and with your excellent ancient scholarly background, you have come forward to lead us and we will enjoy having you this month.

Dave plans to give us a selective history of numismatics - - ancient up to contemporary. He asks that you bring noteworthy coins or bank notes that have special significance to the turn of events that changed the history of numismatics.

(P.S. from Bea) As you recall Cy Schlosser designed our new letterhead and membership cards. Ken Hollister, our Treasurer will be issuing you a new card as you renew your membership when the time comes. We enjoy the new logo, but I misplaced the letterhead logo until a few days ago (getting the den back in order). Really I do a much better job of being organized at work. Cy, we enjoy the design. It really has class and yet keeps to the specific message.

While I am on the "soap box" let us talk a little about memberships. We feel fortunate to keep the dues at $3.00/year. Stamps are now 22¢, but that is not a problem yet as Whitney and I are able to do up the letter gratis otherwise. Dues are paid at different times so if you know your year is over, get in touch with Ken. A few of you have never come to a meeting. If you want to belong anyway, give Bob Stumm, President, a call at 4871569. We will send you another letter or two, but beyond that being a member is your only way to receive our letter.
