> Topic: "Collecting Greek Coins"
> Bill Daehn will show slides of some of the coins from his collection and
> discuss each coin briefly. To those unfamiliar with Greek coins, this
> will be a good introduction to some of the most popular coin types. In
> some cases, the coins will be used to illustrate some of the criteria
> used when selecting a coin to add to the collection. For the most part,
> the speaker will simply be sharing his collection with the club to show
> both what he collects and why he collects it. Members are encouraged to
> come hear about one member's collecting interests and to be inspired to
> share what they collect!
>
> Planning Ahead
> It's not too early to begin thinking about the Summer Picnic! We will
> start discussing possible dates/locations at the May meeting; be ready
> to make suggestions.
