Twin Cities Ancient Coin Club Meeting Notice

June 25th, 2015. Vol. 55, Number 6

Presentation:

Presented by Ryan McVay

This presentation's primary focus is on the development and use of the ancient symbols used to represent the ancient cult gods of Sumerian/Acadian/Babylonian. I will discuss the ancient cult, its syncretism and the use of the star, the crescent moon and crescent moon with a single star. If time allows we can look at many other types of motifs that utilize the combination of astronomical elements.

Members are encouraged to bring examples of coinage that they feel have astronomical motifs.

UPDATE ON CLUB PRESIDENT RESPONSIBILITIES AND OFFICER ELECTIONS:

One of the previous duties of the TCACC President has been retrieving a key from the church office on the day of the meetings (and returning it the following day). This is acceptable for some people, but is a significant burden for others whose weekday schedules don't allow this during church office hours.

In an effort to remove this constraint (and thus open the office of President to more people) Tom Barbeau has talked to the Parish Administrator and he is willing to issue a key to the club President. This makes the job of President accessible to a broader section of the membership.

Please give consideration to how you could help the club by assuming the office of President (or one of the other positions). The election of officers will occur at the June meeting. Your willingness to serve in any of the offices may be expressed at the meeting or ahead of time.
