TWIN CITY ANCIENT COIN CLUB

****

Volume 43, No. 10.

****

MEETING NOTICE FOR > THURSDAY, December 4th, 2003 <

SUBECT: Todd Ballen will be discussing the Facing-Head Portrait Coins of Parthia. Like many ancient cultures, the majority of the coins issued by the Parthian kings have a profile portrait of the ruler on the obverse. Todd will highlight a few notable exceptions from this practice, where a facing portrait is used instead. An historical and numismatic background will be provided to help place these coins into an appropriate context.
Todd is a past president of our club, and has been a collector since 1985. He holds a Ph.D. in Electrical Engineering, and works as an optical engineer.

SOMETHING NEW! At the start of each meeting, time will be set aside to give members an opportunity to share a new coin recently acquired - or a favorite coin - or a newly published book of interest . You might want to place coins in a 2x2 or other protective holder so members can inspect it without risk of damage.
This can be a special learning for us all ...
