Subject: TWIN CITIES ANCIENT COIN CLUB SPECIAL NOTICE

TWIN CITIES ANCIENT COIN CLUB SPECIAL NOTICE

A few notes from the last meeting.....

Your new (or repeating) officers are :
Jorg Leuke - President
Bob Metzger - Vice President
Bob Stumm - Treasurer
John Haer - Secretary

Our auction was a smashing success! Many members not only took advantage of the bargains to be had, but also put up lots for offers. The items that went "for the club" brought in enough to cover room rent for three of our next meetings. Lets try and do and auction every month, or baring that, maybe we should schedule 3-4 per annum - what do you think?

It was agreed that.....

We would continue to have a summer picnic. Don Doyle volunteered to be host sometime in August.

Thanks to Jerry Kolton we will once again start our meetings with a reading from "This Month in History".

7/8/2008

We will have a format change beginning in September. Due to a paucity of speakers relating to our preferred themes, we will start the next years meetings with a new format. A series of subjects for discussion will be set up for each month, hopefully a year in advance, and will be sent to every club member. We ask that every member avail themselves of any and all research on the selected subject and be prepared to share that information at the meeting. If you find that a particular months subject is of personal interest, and/or would like to 'chair' or lead the discussion please notify an officer - this kind of format would greatly benefit from direction.

Please note that your officers will still seek out speakers for every meeting. If one is found than that meetings discussion topic will be canceled or delayed according to a member vote.

Some notes from the clubs Archivist and Web-master, Bill Daehn .....

-
  - Jerry Kolton brought me a binder of old TCACC newsletters which included quite a few that I did not previously have (going back to 1971). I'm working on scanning these (some are done) and getting them on the archives page of our site.
  -
  - Did you know that TCACC is now 50 years old? At least the club is believed to have begun in 1958 or 1959. So this fall when we resume, we can probably claim that we're now 50 years old. Cool. Maybe we should plan a celebration (cake?) .
  -
  - Members should tune in to the website occasionally for news and, of course, the coin show schedule--- which I'll keep up-to-date.

That's about it - more info to follow as it becomes available.

John Haer
TCACC Secretary
