CLUB

Volume 41 Number 7. June, 2001

Meeting Notice: THURSDAY, JUNE 28, 2001

Subject: : Greek Numismatic Books: Club Member and successful

Author Bill Daehn points out that some coins carry a long

Pedigree, documenting the collectors that previously owned the coins. Numismatic

Books also can carry a pedigree. Bill will trace the pedigree of a book about

Ancient coins which was published in 1808. Some of the prior owners, dating

Back to 1813, were prominent numismatists. He will also discuss some of the

Books on Greek numismatics that have been published over the last couple of

Years, some of which are not very well known in numismatic circles. This will be

The LAST MEETING of the Club until the FALL – so be sure to come!
